“Enabling access to high-quality palliative care education guarantees societies worldwide that people can live better lives until their death”

Prof Piret Paal, Chair of CODE-YAA@PC-EDU

Introducing CODE-YAA@PC-EDU

In response to an age-related increase in deaths from chronic diseases, the CODE-YAA@PC-EDU COST Action promotes the integration and improvement of education and training in palliative care.

The network from 34 countries will measure, explore, and promote access to palliative care education.

Learning the skills to care for individuals with life-limiting health-related suffering is crucial for all health and social care professionals, regardless of their specialty. This is why the goal of this COST Action is to establish quality indicators for exceptional education and training in palliative care.

About Us

CODE-YAA@PC-EDU is an acronym for “COLlaboratively DEveloped culturALLY Appropriate and inclusive Assessment tool for Palliative Care EDUcation” aiming to set quality indicators for establishing a gold standard for high-quality palliative care education and training.

CODE-YAA@PC-EDU aims to establish a universal gold standard for palliative care education and training, to prevent or minimise health-related suffering and ensure optimal access to palliative care as a primary service.

Visit our website

WG1

Gold Standard

Defining quality indicators for Palliative Care Education – Testing the CODE-YAA tool

WG2

Culture, Language & Diversity

Translation of the CODE-YAA tool – Preparing glossary for translation – Missions to showcase innovative teaching methods

WG3

Research Coordination, Methods & Impact Analysis

Data analysis for scientific & public dissemination – Promote uptake of CODE-YAA results to relevant policy-makers and member states

WG4

Capacity Building, Leadership & Ethics

Leadership Education Programme – Ethics Programme in Palliative Care – Mentorship Programme

WG5

Global Policy & Advocacy

Advocacy & Policy Training – Scientific & public dissemination for advocacy and best practice

WG6

Communication & Dissemination

Calls & Actions – Stakeholder communication – Dissemination congresses
